## PROGRAMME OUTCOMES

**PO1: Effective Communication:** Speak, read, write, and listen clearly in person and through electronic media in English and in one Indian language, and make meaning of the world by connecting people, ideas, books, media, and technology.

**PO2: Self-directed and Lifelong Learning:** Acquire the ability to engage in independent and life-long learning in the broadest context of socio-technological changes.

**PO3: Effective Social Interaction:** Elicit views of others, mediate disagreements, and help reach conclusions in group settings.

**PO4: Evaluative Thinking:** Take informed actions after identifying the assumptions that frame our thinking and actions, checking out the degree to which these assumptions are accurate and valid, and looking at our ideas and decisions (intellectual, organizational, and personal) from different perspectives.

**PO5: Ideal Citizenship:** Demonstrate empathetic social concern and equity-centered national development, and the ability to act with an informed awareness of issues and participate in civic life through volunteering.

**PO6: Ethics:** Recognize different value systems including your own, understand the moral dimensions of your decisions, and accept responsibility for them.

**PO7: Environment and Sustainability:** Understand the issues of environmental contexts and sustainable development

**PO8: Digital Knowledge System:** Adequate training in the application of digital knowledge in higher education and the workplace.

**CO1: To introduce national income accounting**

**CO2: To introduce basics of public economics**

**CO3: To introduce basics of financial system**

**CO4: To introduce Indian economy**

**CO5: To introduce Kerala Economy**

## **SEMESTER 5**

### **QUANTITATIVE TECHNIQUES - EC5CRT07**

**CO1: To understand the importance of Statistics in Economics**

**CO2: To explain the measures of central tendency**

**CO3: Basics of correlation and regression**

**CO4: To understand the importance of Index numbers and Time series analysis**

### **MACRO ECONOMICS - II- EC5CRT08**

**CO1: To familiarize the foundations of international trade**

**CO2: To understand the importance of Balance of Payment**

**CO3: To describe the Foreign Exchange determination**

**CO4: To understand the importance of International Monetary system**

### **ENVIRONMENTAL ECONOMICS - EC5CRT09**

**CO1:To understand the basics of environment**

**CO2:To understand the importance of natural resources**

**CO3:To understand Bio diversity**

**CO4:To analyse relationship between environment and economics**

**CO5:To understand human rights**

### **INTRODUCTORY ECONOMETRICS - EC5RT10**

**CO1:To understand the basics of Econometrics**

**CO2:To understand PRF**

**CO3:To understand SRF**

**CO4:To analyse OLS method**

**CO5:To understand the violations of CLRM**

### **FUNDAMENTALS OF ECONOMICS-EC5OPT01**

**CO1:To understand the basic concepts of Economics**

**CO2:To understand the basics of Public Economics**

**CO3:To understand basics of financial system and international trade**

**CO4:To understand the basic features of Indian Economy**

## **SEMESTER 6**

### **QUANTITATIVE METHODS - EC6CRT11**

**CO1: To understand the importance of Statistics in Economics**

**CO2: To explain the measures of central tendency**

**CO3: Basics of correlation and regression**

**CO4: To understand the importance of Index numbers and Time series analysis**

### **INTERNATIONAL ECONOMICS - EC6CRT12**

**CO1: To familiarize the foundations of international trade**

**CO2: To understand the importance of Balance of Payment**

**CO3: To describe the Foreign Exchange determination**

**CO4: To understand the importance of International Monetary system.**

### **MONEY AND FINANCIAL MARKET - EC6CRT13**

**CO1: To understand the basics of Indian financial system**

**CO2: To understand the functioning of central bank**

**CO3: To understand the banking operations in the economy**

**CO4: To analyse the functions of money market in the economy**

**CO5: To analyse the functions of capital market in the economy**

### **INDIAN ECONOMY - EC6CRT14**

**CO1: To understand the development strategy adopted by India during post-independence.**

**CO2: To understand the basic concepts of demography**

**CO3: To understand the sector wise growth of Indian economy**

**CO4: To understand Economic planning and development**

**CO5: To introduce the features of Kerala Economy**

### **BUSINESS ECONOMICS - EC6CBT02**

**CO1: To understand the basics of business economics**

**CO2: To understand demand and its forecasting techniques**

**CO3: To analyse cost of production**

**CO4: To understand price fixation**

**CO5: To understand the basics of decision making**

### **PROJECT - EC6PR01**

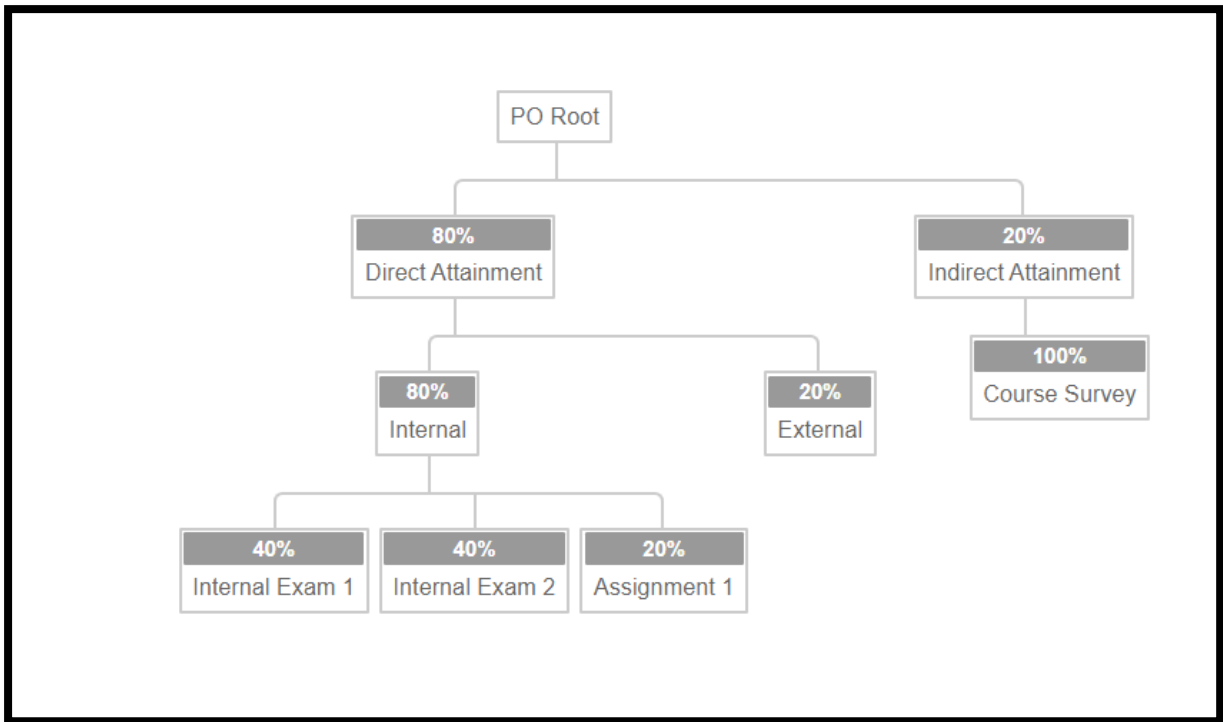

**CO1: Attain an aptitude for research in ECONOMICS.**

**CO2: Develop skills to identify a research problem.**

**CO3: Obtain skills to organise and conduct data collection and analysis.**

**CO4: Compile and publish the research findings.**

## PO Calculation

CO1 Average = Sum of CO1 values of all students / No of students.

CO1 Attainment Level = (CO1 Average/100) \* Max Descriptor.
